

Issue	Date reported		Update 2/12/14
Drains			
Denmark Rd	Mar-14	Issues were reported to County in March. Jon Clarke reported on 14 th May that they attempted to clear the pipe however they hit a blockage. The blockage to the pipe running from Denmark Road to BGW was re-scheduled for clearance w/c 28 th July. Met with agent for TW on 7 th Oct. They have been instructed to clear the ditch on BGW by the end of the month. However job is far bigger than initially thought and will require the removal of the majority of the hedging. Agent to report back to client and confirm how this will progress.	Agent now wants to access the ditch from farm side but needs to contact the famers for agreement. Believes that will be cheaper than taking down the hedging. No news from County on how the pipework is being addressed.
Lambs Lane	07-Jul-14	All of the gullies have been cleaned w/c 15 th September. I have obtained a list of streets to double check that all areas are covered and it appears that approx. 12 are missing. Despite the work done there is still an issue with a gully on Lambs Lane which was previously reported several months ago and I had been assured had already been cleared on 7 th July. I have contacted Pauline Peachy twice about this but no response yet. Have also contacted Pauline re. the blocked drain on Rampton Road with no response	Cleared again 25th Nov. Numerous blockages have been found by the contractors. Particularly bad is one at the top of Lambs Row/Crowlands which overflows. Spoke to Pauline Peachy and she is now passing onto maintenance team who will need to jet the drains.
Twentypence Rd	07-Jul-14	Ditto 2 gullies near the Wooden House. They were apparently cleared on 7 th July but are still blocked.	Cleared again 2nd Dec. 2 lids are stuck and contractors have been unable to lift. Contacted Pauline Peachy for update.
Long Drove/Beach Rd		Ditch – east from Long Drove to Beach Road + culvert under Long Drove needs	
Histon Rd		Drainage pipes not connected properly in ditch by the new Icenii development. Residents concerned about flooding.	Geoff Clarke (resident) has met with Austin Nawankwo to discuss. Austin to keep Geoff updated on progress with outstanding issues.
Rampton Rd		Gully outside 84 Rampton Road is blocked – reported 10/10/14	Inspected on 18th Nov.
Potholes			
Corbett St	01-Sep-14	numerous pavement potholes	Not actioned yet.
Margett St	01-Sep-14	numerous pavement potholes	Not actioned yet.
Harlestones Rd	Aug-13	have been informed that the road hasn't received a capital bid and it is unsuitable for standard resurfacing. We had been waiting for news since August 2013. Jon Clarke is liaising with Martin Gowler to see what else can be done (as at 5/9/14). Have pressed for action due to the very poor state of the Lambs Lane end.	Still with Jon Clarke/Martin Gowler
Pelham Way	26-Aug-14	pavement along a large stretch needs filling/resurfacing. This was originally discussed with Jon Clarke in summer 2013.	Not actioned yet.
Dunstal Field	04-Aug-14	numerous potholes at the junction with Histon Road. NM75725	Order raised 6th November.
Beach Rd	08-May-14	slow sign on corner needs reinstating ;sunken drain cover needs raising and 12ft stretch of pavement that needs patching.	Not actioned yet.
Coolidge Gardens	05-May-14	potholes at junction with Beach Road. NM69806	Hole filled end of May
The Wrens	01-May-14	cobbles missing.	
Lines			
Rampton Rd	01-Jan-14	Junction with Lambs Lane white/yellow lines which have been missing since Jan 2013.	Now informed that guidelines mean it's not necessary to reinstate the white lines. No comment regarding double yellows.

Twentypence Rd	07-Aug-14	Road markings at junction with Smithy Fen need reinstating along with the white lines on that corner.	Not actioned yet.
Histon Rd	21-Oct-14	White lines at end of cycle path not reinstated	Not actioned yet. With Mike Cooper
Signs			
Telegraph St		Unsuitable for HCV's sign has been installed but at the High St rather than Denmark Road end. Highways have been asked to either move or provide additional signage. follow up from Emma Murden (Highways). NB: I have met with resident 5 times over the past month about this matter (see issues log). County originally agreed that the signage would be installed in 2008	FOI request has shown that the original location given was incorrect and not as requested by the resident/CPC. Emma Murden has been contacted.
High St		Waiting restriction signs (x2) have been requested for the 2 unmarked bays (from post office to Hopbine). Without the signs the police are unable to enforce waiting restrictions. Have been informed that this now won't be looked at until replacement for Jon Clarke is found. Originally contacted County on 23/7/14. NB: From paperwork in the office I believe the waiting restrictions came into force in 1997/8.	With David Lines to investigate
Lights			
Brenda Gautrey Way		streetlight issues – following discussions with Sue Reynolds (County) the lights on both Leopold Walk and Sovereign Way have been adopted and that information passed onto Balfour Beatty. Numbers have now been added to the lights however the numbering scheme is different to others. Have queried with Ben Jakes at County.	
Village green		When is it going to be finished? Number of outstanding issues eg. 2 heritage lights at same location i.e. top of Broad Lane.	
Other			
Wilkin Walk	April 14	Wilkin Walk - Have followed up with County re. additional work needed for the Knotweed issue. This still hasn't been actioned since initial contact back in late April. Reported again on 1/9/14. Causing serious issues for residents in the vicinity and affecting house sales/mortgage offers.	
Tenison Manor	16-Sep-14	Tenison Manor adoption – have been liaising with Sue Reynolds, Highway Development Manager, at County. She is now chasing Persimmon to follow up ownership of the Little Cut (as at 16/9/14).	
Wilkin Walk & Pelham Close		Have contacted CCC Cllrs Jenkins & Mason re. taking over land at the back of the Dissenters Cemetary and near Pelham Close/Wilkin Walk to use for additional parking. No info received. Need to see whether this is possible and cost of land transfer.	
Beach Rd		Beach Road S106 – the agreement states that there will be £5k towards moving the 30mph sign and £65k towards crossings. Both payments will be made to County prior to the first property being occupied which is in December. Need to find out from County if that money has been paid and whether the projects are ready to go when the money arrives. Karen Lunn has been in touch to say the work won't happen until 2015/16 budget	
High St	Jun-14	Replacement trees by 333 High Street for limes cut down.	CPC have requested replacement lime trees to be located as close to the original location on Highways land. CCC Jenkins to raise at County

High St		78 High Street – pavement is above airbrick levels which has caused ground below the flooring to saturate.	
Histon Rd		Road surface that has been surface dressed is now uneven and puddles are forming which weren't there prior to the works (particularly along the cyclepath side of the road). Drains are now proud of the road surface in places which prevents water from draining therefore creating a spray issue for pedestrians and cyclists.	
Twentypence Rd	07-Aug-14	pavement has been narrowed considerably due to mud/vegetation and needs clearing back at least 6".	Has been inspected.
Victory Way	Jul-13	Water collects by all of the drop kerbs around the Lambs Lane bus stop. The road has been laid incorrectly and the water is unable to run uphill to get to the gullies. Originally discussed with Jon Clarke in summer 2013. Additionally the wooden bollard closest to Lambs Lane junction has rotted and is loose. Reported again 1/4/14.	
Pelham Close		34 Pelham Close - the resurfacing works have affected the levels of the pavement/gully which has resulted in flooding.
